

## Mining Engineering Awards

2018/19

(updated September 15 2018)

Award #	Title	Description
322	Frederick Armand MCDIARMID Scholarship	A \$1400 scholarship, a memorial to Frederick Armand McDiarmid, has been endowed by Neil H. McDiarmid. It is awarded to a student, graduate or undergraduate, with preference to those in Mining. Selection is based on academic standing, practical ability and experience, and promise in research.
2120	DUNSMUIR Scholarship	A scholarship of \$550, founded by the Hon. James Dunsmuir, is awarded to the undergraduate student entering third year in the Faculty of Applied Science with the highest standing in Mining and Mineral Process Engineering.
2176	Lt. Eric Soulis DITMARS Memorial Scholarship	A scholarship of \$1,450 has been endowed by the late William C. Ditmars. The award is made on the recommendation of the Department of Mining and Mineral Process Engineering to a student in the Department who shows promise of outstanding ability and has sound personal qualities and character.
2191	ELDRIDGE Memorial Prize	A prize of \$200 has been endowed by the late Mrs. H. E. B. Eldridge. The award is made to the graduating student with the highest standing in Mining and Mineral Process Engineering.
2198	WESTMIN Resources Limited - Dr. G. M. Furnival Scholarship	Engineering or Geological Engineering by Westmin Resources Limited, to honour the contributions of Dr. G. M. Furnival to the development of the mineral industry. Candidates must be proceeding to a degree in either Mining and Mineral Process Engineering with specialization in Mining Engineering, or in Geological Engineering with specialization in Mining Geology. This award is made on the basis of both scholarship and demonstrated interest in the mining industry, on the
2199	LORNEX Mining Corporation - Dr. E. B. Gillanders Memorial Scholarship	(Geology) 1925, M.A. (1926), Ph.D. Princeton (1930) and his many contributions to the mining industry. The award is made to a student proceeding to a B.A.Sc. degree or higher degree in Mining and Mineral Process Engineering. The student must be planning to work in the mining industry following graduation. This award is made on the recommendation of the Head of the Department of Mining and Mineral Process Engineering.
2213	Cy and Emerald KEYES Scholarship in Mining Engineering	Scholarships to a total of \$6,000 have been made available by the late Cy and Emerald Keyes for undergraduate students in Mining Engineering. The awards are made on the recommendation of the Department of Mining Engineering, to students entering the second or higher year of study in Engineering. The scholarships are available only to Canadian citizens and permanent residents.
2213	Cy and Emerald KEYES Scholarship in Mining Engineering	Scholarships to a total of \$6,000 have been made available by the late Cy and Emerald Keyes for undergraduate students in Mining Engineering. The awards are made on the recommendation of the Department of Mining Engineering, to students entering the second or higher year of study in Engineering. The scholarships are available only to Canadian citizens and permanent residents.
2218	Jake TURNBULL Memorial Prize	passed away in 1982 at the age of 104. "Jake" Turnbull was a founding member of UBC's congregation and for many years was a member of the University Senate. He was the second member appointed to the UBC faculty and was for 30 years, the head of the Department of Mining Engineering. He was responsible for recommending that the Sullivan Mine be optioned by Cominco - then the Consolidated Mining and Smelting Company Limited. He was the first president of
2238	Cy and Emerald KEYES Award in Mining Engineering	Awards totalling \$15,000 have been made available by the late Cy and Emerald Keyes for students in Mining Engineering. The awards are made on the recommendation of the Department of Mining Engineering to students demonstrating sound academic progress and promise in the discipline. The awards are available only to Canadian citizens and permanent residents.
2238	Cy and Emerald KEYES Award in Mining Engineering	Awards totalling \$15,000 have been made available by the late Cy and Emerald Keyes for students in Mining Engineering. The awards are made on the recommendation of the Department of Mining Engineering to students demonstrating sound academic progress and promise in the discipline. The awards are available only to Canadian citizens and permanent residents.
2238	Cy and Emerald KEYES Award in Mining Engineering	Awards totalling \$15,000 have been made available by the late Cy and Emerald Keyes for students in Mining Engineering. The awards are made on the recommendation of the Department of Mining Engineering to students demonstrating sound academic progress and promise in the discipline. The awards are available only to Canadian citizens and permanent residents.
2238	Cy and Emerald KEYES Award in Mining Engineering	Awards totalling \$15,000 have been made available by the late Cy and Emerald Keyes for students in Mining Engineering. The awards are made on the recommendation of the Department of Mining Engineering to students demonstrating sound academic progress and promise in the discipline. The awards are available only to Canadian citizens and permanent residents.
2238	Cy and Emerald KEYES Award in Mining Engineering	Awards totalling \$15,000 have been made available by the late Cy and Emerald Keyes for students in Mining Engineering. The awards are made on the recommendation of the Department of Mining Engineering to students demonstrating sound academic progress and promise in the discipline. The awards are available only to Canadian citizens and permanent residents.
2247	Harold A. STEANE Memorial Award	A \$5,000 award is offered by the Harold A Steane Memorial Fund, in memory of Harold A. Steane, to a student entering either of the last two years of the mineral process undergraduate program. Preference is given to a student with demonstrated dedication to the mineral industry and the ability in working with others. The award is made on the recommendation of the Department of Mining Engineering.
2288	Samuel Stewart FOWLER Memorial Prize in Engineering	A \$300 prize has been endowed through a bequest by Frances Tomlinson in memory of her father Samuel Stewart Fowler. The award is offered to a student in the Department of Mining and Mineral Process Engineering and is made on the recommendation of the Head of the Department.
4807	RIO Algom Scholarship	scholarship will alternate between the Faculty of Applied Science and the Faculty of Science beginning in 1994/95 with the Faculty of Applied Science. The award is offered to a student in second year with a program concentration in Mining and Mineral Process Engineering and alternately, to a second year student with a program concentration in Geological Sciences. The award is made on the recommendation of the appropriate Faculty.
5307	Bernard BOE Memorial Scholarship	Scholarships totalling \$5,100 have been endowed through the estate of Phyllis Elizabeth Duncan in memory of Bernard Boe for undergraduate students entering their final year of study in Geological Engineering or Mining Engineering. The awards are made on the recommendation of the eligible departments with the half total amount going to a student in Geological Engineering and half the amount to a student in Mining Engineering.
5314	SAG Mining Engineering Scholarship	Scholarships totalling \$2,250 have been endowed by SAG for Mining Engineering students entering second year. The awards are made on the recommendation of the Department of Mining Engineering.

## Mining Engineering Awards

2018/19

(updated September 15 2018)

5318	Sandy LAIRD Service Award in Mining Engineering	BASc, 1957 (Mining Engineer) to second year undergraduate students majoring in Mining Engineering in the Faculty of Applied Science. This award was originally conceived to inspire first year engineering students to pursue a career in mining engineering leading to operations management. Recipients have the opportunity to expand their understanding and knowledge of the industry that will help them succeed in their professional career. Strong leadership abilities are

Recipients have the opportunity to expand their understanding and knowledge of the industry that will help them succeed in their professional career. Strong leadership abilities are
5335	Louis J. GALL Award in Mining Engineering	Service awards totaling \$13,550 have been endowed by Louis J. Gall (B.A.Sc.1944) for students with satisfactory academic standing in the Department of Mining Engineering who have demonstrated leadership skills through participation in campus and community activities. The awards are made on the recommendation of the Department.
5335	Louis J. GALL Award in Mining Engineering	Service awards totaling \$13,550 have been endowed by Louis J. Gall (B.A.Sc.1944) for students with satisfactory academic standing in the Department of Mining Engineering who have demonstrated leadership skills through participation in campus and community activities. The awards are made on the recommendation of the Department.
5335	Louis J. GALL Award in Mining Engineering	Service awards totaling \$13,550 have been endowed by Louis J. Gall (B.A.Sc.1944) for students with satisfactory academic standing in the Department of Mining Engineering who have demonstrated leadership skills through participation in campus and community activities. The awards are made on the recommendation of the Department.

Gall (B.A.Sc.1944) for students with satisfactory academic standing in the Department of Mining Engineering who have demonstrated leadership skills through participation in campus and community activities. The awards are made on the recommendation of the Department.
5335	Louis J. GALL Award in Mining Engineering	Service awards totaling \$13,550 have been endowed by Louis J. Gall (B.A.Sc.1944) for students with satisfactory academic standing in the Department of Mining Engineering who have demonstrated leadership skills through participation in campus and community activities. The awards are made on the recommendation of the Department.
5345	NEWMONT Mining Corporation David Long Memorial Award	A \$1,550 award has been endowed by the Newmont Mining Corporation in memory of David Long for a third or fourth year student in Mining Engineering or Geological Engineering who has demonstrated leadership and service to the campus and community. The award is made on the recommendation of Mining Engineering in odd-numbered years and of Geological Engineering in even-numbered years.
5368	HEXAGON Mining Award in Mining Engineering	Awards totalling \$1,000 are offered by Hexagon Mining to undergraduate students enrolled in Mining Engineering. Preference will be given to students who have expressed interest in computer technology related to the mining industry. To be considered, candidates must show high academic achievement. The award is made on the recommendation of the Norman B. Keevil Institute of Mining Engineering.
5373	James MARLOW Scholarship in Mining Engineering	Scholarships totalling \$16,050 have been endowed by the Estate of James Marlow for undergraduate students entering the fourth-year of mining engineering who demonstrate an interest in the design and operation of surface and/or underground mines. Recommendations are made by the Faculty of Applied Science.
5373	James MARLOW Scholarship in Mining Engineering	Scholarships totalling \$16,050 have been endowed by the Estate of James Marlow for undergraduate students entering the fourth-year of mining engineering who demonstrate an interest in the design and operation of surface and/or underground mines. Recommendations are made by the Faculty of Applied Science.
5373	James MARLOW Scholarship in Mining Engineering	Scholarships totalling \$16,050 have been endowed by the Estate of James Marlow for undergraduate students entering the fourth-year of mining engineering who demonstrate an interest in the design and operation of surface and/or underground mines. Recommendations are made by the Faculty of Applied Science.
7680	IODE, Ruskin Chapter, Alfred Newton Wolverton Memorial Scholarship	A scholarship of \$1250, endowed by the Ruskin Chapter of the Imperial Order Daughters of the Empire through a bequest from Alfred Newton Wolverton, is offered to worthy and deserving undergraduates in Mining Engineering. Preference is given first, to students entering the third year, and second, to those proceeding from third to the final year. Scholarships are made on the basis of scholastic ability, promise in the field of mining, and financial need.
7957	Cy and Emerald KEYES Bursary in Mining Engineering	Bursaries to a total of \$2,500 have been made available by the late Cy and Emerald Keyes for students in Mining Engineering. The awards are made on the recommendation of the Department of Mining Engineering. The bursaries are available only to Canadian citizens and permanent residents.
